

To: ORC Double-handed Certificate Holders:

Dear Friends:

We have been asked to set up a new non-profit organization to represent the fast growing DH segment of our sport around the world. We are in the process of launching the new site [offshoredoubles.org](https://offshoredoubles.org) This group is for everyone interested in double-handing offshore including couples and friends doing weekend races to Olympic athletes and serious programs globally. We all have much to learn and teach and it's our mission to bring this community together. We already have nearly 2500 DH certificates worldwide, so we know the interest is there.

The call to action is that the World Sailing meetings in two weeks will determine if the Offshore Mixed Doubles Event will continue to be on the slate for Paris 2024 and to begin with we want to show the Olympic committee that Doubles has broad global support. So please join us at <https://offshoredoubles.org> and see some of your friends who are already there (and don't forget to invite your co-skipper)!

Thank you!
